Subject: Prop 84 IRWM Grant

Dear Mr. Joseph,

I am writing to express my support for the sustainable landscape component of Prop 84 funding. I have been actively involved in the launch of Surfrider's "Ocean Friendly Gardens" (OFG) in San Diego, and we have seen great success! The potential impacts of this funding on outreach and shifting the Southern Californian mindset about water is phenomenal. Its just what our County desperately needs. I support full funding for the region, and look forward to the outcomes!

Sincerely,

--
